Dear Miss Yew,

Thank you very much for the note ... appreciates the thought.
Yes ... I enjoyed ALL the Sessions greatly. They were all very well selected and the various speakers were very professional and learned.
Hope to attend more seminars planned by the SMR Group ... time permits, though.

Regards,
Robert

Dear Hoi Fe'ng,

My heartfelt thanks to SMR esp. En. Azaath, Zaid, Jimmy, Lily, Angie, Gurit & the rest of whom I can't remember the names of your warm welcome and hospitality during the session. I had received a lot of fruitful experience during the event and I am hoping to attend such program again in the future. To Jimmy, again due to your utmost respect and customer service mindset, I had found my handphone. I can't imagine to live without one. Please get me posted of your future program and I'll try to provide my support.
